Nine23's Values
What is important to us

Who are Nine23?

Nine23 is a technology company focused on enabling secure technology to end-users in today's workplace by defining your IT problems, building your secure solution and managing the service.

At Nine23, we have continually delivered end-user focused IT solutions as we passionately believe the end-user should be put first and empowered to use technology securely.

Why do Nine23 exist?

We passionately believe that the front-line user should be put first and empowered to use technology securely and by delivering outcomes for their needs.

Nine23 are experts who exist to enable the front-line user in the regulated and compliant workplace to use today's technology securely. Because todays user expects to operate at work in the same way they do at home – consumer simplicity with enterprise security.
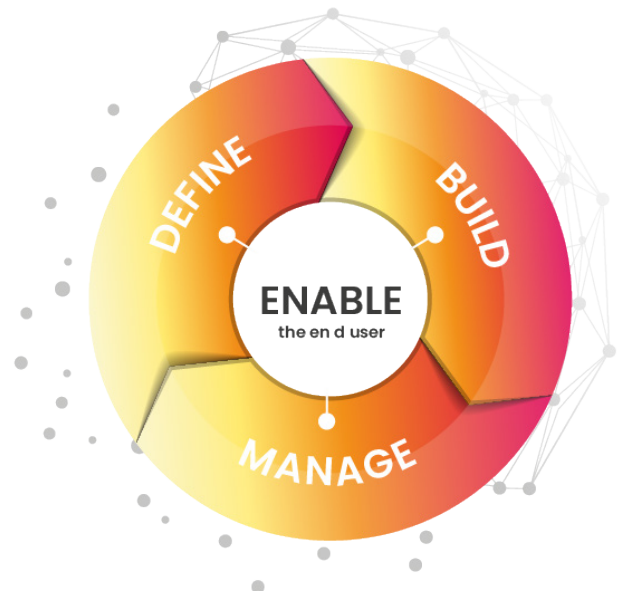

Our Values

- The Front Line User is who we represent
- Be "Client first" Results / Delivery / Outcome focused
- Focus on delivering the optimum user experience to the end user
- We care passionately about enabling the end user to use technology
- Deliver true end to end value to the client

Our Vision

To put the user first and to stand out as a leading secure managed IT services company within global regulated and compliance industries who deliver accreditable solutions with outstanding customer services.
